My Fellow Skalleagues,

With over 15 years of experience in the travel and tourism industry, I am a dedicated member and advocate of Skal International. Since joining Skal Las Vegas in 2015, I have served on the board for the past 8 years, fully engaged in all aspects of our club's activities to ensure its growth and success. My commitment has included attending both the North American Skal Congress (NASC) and World Congress, where I actively fostered connections, exchanged best practices, and championed Skal's mission.

In addition to my tourism background, I am the President of A Whole Lotta Kindness, a nonprofit organization that has raised over \$500,000 to address the critical needs of youth in and out of foster care. Through my work with Skal and my nonprofit, I am driven by a deep commitment to service, connection, and making a lasting impact on my community and industry.
